Profile

I love being creative, exploring and broadening my horizons, doing things in high quality and giving stunning user experience in my own ways of work. I'm enthusiast of user interface and experience design.

Experience

UI/UX Designer - IROIDTECHNOLOGIES

2020 - 2023 (Present)

UI, UX Designer responsible for applying interactive and visual design principles on websites, Apps and web applications for a positive and cohesive user experience.

- Creating user-centered designs by understanding business requirements, and user feedback
- Develop user flows, wireframes, UI mockups and prototypes.
- Translating requirements into style guides, design systems, design patterns and attractive user interfaces.
- Create and maintain digital assets, such as interface design files, wireframes, and interactive mockups using {{ design and prototyping tools: e.g., Figma and Adobe XD}}.
- Convert mockups into cross-browser HTML/CSS/JavaScript templates.
- Ensuring website function and stability across devices i.e. desktop, mobile, tablet.

Web Designer · BISPAGE
